

# 32 Auto Cartridge

# 32 Auto Cartridge

The .32 ACP is compact and light. It has marginal stopping power. It has been used effectively by military and police worldwide for the past century, and valued for their compactness. Their light weight, very low recoil and very good accuracy relative to larger caliber pistols make them suitable for concealed carry use. Though the .32 ACP is capable of killing small game, most handguns chambered for this round utilize fixed sights and are designed for use as a plinking or conceal and carry weapon.

Drawn from premium American-made brass cups, these casing are rigorously tested to ensure unparalleled durability and dependability, each casing undergoes rigorous in-line and post-production quality assurance testing to ensure a flawless casing.

Standard casing dimensions and tolerances have been modified to achieve maximum performance. Jagemann™ Sporting Group's in-house tooling and engineering capabilities provide the ability to customize casing dimensions for use with specific projectiles. We can meet your needs.

## SAAMI Specifications:
