

.38 Super Comp

.38 Super Comp

The .38 Super Comp was developed as a modified .38 Super for practical shooting sport enthusiasts to improve feeding reliability.

Drawn from premium American-made brass cups, these casings are rigorously tested to ensure unparalleled durability and dependability. Each casing undergoes rigorous in-line and postproduction quality assurance testing to ensure a flawless casing.

Standard casing dimensions and tolerances have been modified to achieve maximum performance. Jagemann™ Sporting Group's in-house tooling and engineering capabilities provide the ability to customize casing dimensions for use with specific projectiles.

We can meet your needs.
