

# 6.5 Creedmoor Cartridge

# 6.5 Creedmoor Cartridge

6.5 Creedmoor was designed for rifle target shooting. It is successful in game hunting. Comparing bullets, the 6.5 Creedmoor has slower muzzle velocity than longer cartridges, such as magnum cartridges. It is a center fire rifle cartridge introduced as a modification of the .30 TC.

Drawn from premium American-made brass cups, these casing are rigorously tested to ensure unparalleled durability and dependability, each casing undergoes rigorous in-line and post- production quality assurance testing to ensure a flawless casing.

Standard casing dimensions and tolerances have been modified to achieve maximum performance. Jagemann™ Sporting Group's in-house tooling and engineering capabilities provide the ability to customize casing dimensions for use with specific projectiles. We can meet your needs.
